High-quality comfort carrying belt for perfect handling  
Integrated wall holder - easy and safe storage  
Softgrip for ergonomic operation  
Shaft made of aluminium for tireless working  
Speed electronics ensure proper power for every application  
Supplied without battery and charger (available separately)

#### Article description

The Einhell AGILLO 18/200 cordless scythe offers all the advantages of the clever Power X-Change series with the high-quality lithium-ion battery system. The cordless scythe is powered by a front motor, which ensures optimum power transmission and weight distribution. The robust line spool with bump feed system is suitable for dense growth and tall grass, and there is a high-quality 3-tooth blade for tackling undergrowth and scrub. The spindle lock system makes it easy to change the cutter set. The AGILLO delivers a maximum speed of 7,500 revolutions per minute and electronic speed control keeps the power in check, for adjustment to each specific application. The two-hand bike handle is universally adjustable. For optimum handling there is a high-quality high-comfort harness, for ergonomic operation there is a soft grip and for tireless operation a lightweight aluminium tubular long handle. The split shaft makes it easy to transport and stow away in minimum space. There is also an integrated wall holder for easy and secure storage. One 18 V Power X-Change rechargeable battery is required for operation. This is available separately, for example as a practical starter set.

#### Technical details

Voltage 18 V  
Max. speed 7500 min<sup>-1</sup>  
Knife type 3-teeth blade  
Cutting width (knife) 20 cm  
Spool type Single line  
Cutting width (spool) 30 cm  
Thread length 8 m  
Thread diameter 2 mm  
Readjustment of thread Tipp automatic
