Description

- Member of the Power X-Change family, 1x 18V battery required
- Brushless motor - more power and longer running time
- PurePOWER Brushless
- High-quality chain and bar from OREGON
- Selection of HIGH power (8.9 m/s) and ECO power (6 m/s)
- Speed setting depending on the application
- Toolless chain tensioning and changing
- Kickback protection with instant chain brake
- Ergonomic handle with softgrip
- Sturdy stop claws made of metal
- Big filler opening
- Automatic chain lubrication
- Chain catcher
- Recommendation for optimum results: ? 4.0 Ah rechargeable battery
- Supplied without battery and charger (available separately)

The Einhell cordless chainsaw FORTEXXA 18/30 is a powerful member of the flexible Power X-Change family. As the perfect helper for woodwork on thickly branched fruit trees and dense foliage and conifers, the FORTEXXA is powered by the Einhell PurePOWER brushless motor. This brushless motor offers more power and a longer running time than conventional carbon brush motors. After registering online, the brushless motor comes with a 10-year warranty. Together with the OREGON quality blade and chain, even thick twigs and branches hardly have anything to do with FORTEXXA. The cordless version of a chainsaw also delivers the best results when working with work and squared timber as well as firewood. A chain tension that can be adjusted without tools and an equally simple chain change make handling easier. The chain catcher and the kickback protection with instant chain brake ensure safety during use and the automatic chain lubrication via the large oil filling opening for easy care. The robust claw stop is made of metal, the ergonomic handle is equipped with softgrip for a firm and secure grip. A Power X-Change 18 volt battery is required for operation. The innovative Power X-Change series from Einhell scores with strong performance and maximum flexibility: The lithium-ion batteries are interchangeable indefinitely among the devices of the Einhell system series. Any system battery can be used with any Power X-Change device. The chain speed is adjustable depending on the application, i.e. it is possible to switch between full power (8 m/s) and Eco mode (6 m/s). With the reduced chain speed, the battery life is extended. Delivery does not include a battery or charger, but these are available separately, for example as a practical starter kit in various thicknesses.

Technical details

- Chain tension/fixation type Toolless
- Cutting length 27 cm
- Idle speed max. 4300 min⁻¹
- Max. chain speed 8.9 m/s
- Motor type Brushless motor
- Motor voltage 18 V
- Number of batteries included in delivery 0 pcs
- Number of chargers included in delivery 0 pcs
- Oil tank content 160 ml
- Product weight 4.03 Kg
- Sword length 30 cm
